WonderWorks Panama City Beach Offers Exciting Homeschool Days with Discounted Rates This Fall

PANAMA CITY BEACH, Florida – (August 9, 2024) – Homeschool families and groups looking for a fun and exciting way to break up the school week, enhance their learning experience, and get out of the house will not want to miss Homeschool Days offered by WonderWorks Panama City Beach. This special event will be held on weekdays before 2 pm during September and October 2024. Homeschoolers are invited to drop in to the upside-down laboratory for a fun-filled time for all.

“We love our local homeschool students and teachers here at WonderWorks! You’re invited to explore our facility at a discounted rate this fall. Kick off the school year on a high note!” said Darren Grooms, general manager at WonderWorks Panama City Beach.

On days when local schools are in session in September and October 2024, homeschool families can take advantage of special ticket rates of only \$15 per person, plus tax. Homeschool groups of 10 or more that make reservations before their visit qualify for an even lower discounted rate of \$12 per person, plus tax.

WonderWorks Panama City Beach offers a fun-filled learning environment that engages students K-12 and beyond. When students are involved in hands-on activities, they get more out of their environment, have fun, and create memories. Homeschool families can stop in on any weekday before 2 pm during those two months when school is in session. The offer is not available on holidays. Homeschool teachers can get classroom activities, lesson plans, scavenger hunts, and more upon request. To get more information about Homeschool Days, visit the site at:

<https://www.wonderworksonline.com/panama-city-beach/homeschool/>.

“Homeschool families can switch up their curriculum with a trip to an interactive, educational, and, above all, fun indoor amusement park for the mind! Education and entertainment are our specialties,” said Amanda Hinzman, education sales manager at WonderWorks Panama City Beach.

Like homeschool teachers, public and private school teachers looking to enhance the learning experience for their students should take advantage of the field trip offerings at WonderWorks. Teachers can make advanced arrangements for school groups to visit and receive a special discounted admission rate. To help give students more learning opportunities, teachers can request lesson plans, a scavenger hunt, and related classroom activities. To get more information about arranging school field trips, visit the site at: <https://www.wonderworksonline.com/panama-city-beach/groups/panama-city-beach-field-trips/>. Teachers should keep an eye out for WonderWorks’ popular Teacher Wonder Days event, returning this fall.

WonderWorks Panama City Beach offers over 100 hands-on, interactive exhibits spread across four floors. The exhibits are all designed to allow visitors of all ages to explore themes in science, technology, engineering, art, and mathematics (STEAM). Guests can learn about space discovery, light and sound, illusion art, etc. They can also engage in physical challenges, play laser tag, and step into a virtual reality Grave Digger monster truck experience. The exhibits engage kids mentally and physically, giving them a fun, unique learning experience.

WonderWorks focuses on providing year-round "edu-tainment" for locals and visitors in the Florida Panhandle. Activities and events include STEM demonstrations, educational field trips, science fair partnerships, art contests, and more. WonderWorks is open year-round.
